Patriot Products, LLC has designed and produced a target elevator that is unsurpassed by all others. Designed to install quickly, these target carriages are the most rugged, durable, abuse resistant models you can find. Constructed of heavy gage structural steel, the units are hot-dipped galvanized and constructed entirely of rust-free materials to enable a designed 30-yr. life span. Smooth, quiet, counterbalanced and operational with easy pulling force to operate, these rugged, professionally designed and quality-built lift carriages are the top product available today.

As maintenance is expensive and time consuming, the Patriot Known-Distance Target Carriage is maintenance free. No grease, no oil, no adjustments, no time consuming and expensive labor man hours to maintain, the Patriot Known Distance Target Carriage is a truly user maintenance free target lifter. The self aligning guidance and drive train can even operate underwater.

## **MODEL #KDC84**

### **Specifications: Holds 72" x 72" targets**

Size: Military – 36" x 84" x 107 1/2"

(All Heights/Widths/Lengths fully customizable)

Weight: \*600 pounds

- Anchoring: 8 bolts with 5,100# tensile and 5,265# shear anchors
- Freestanding (no additional stabilizers required)
- Complete hot dip galvanized rust protection 30-yr life span
- Stainless steel, UHMW, marine grade aluminum
- Heavy-duty stainless steel lift chains included
- Selectable counterweight system
- High wind stability

**Options:** Include motorized automatic operation with hardwired or wireless remote control and programmable sequence functions.

**LOMAH** - Location of Miss and Hit option (live view or imagery) Wireless

**Full turnkey installations - On site Delivery - Demolition and removal of existing targets  
Complete installation and Testing - Yearly maintenance contracts - Berm and Road Construction**
